Career Objective

Aspiring web developer seeking a role where I can apply my skills while continuously learning and taking on new challenges. Eager to contribute to a team's success, build responsive and user-friendly applications, and grow into a skilled professional while making a meaningful impact through my work.

Technological Skills

- ❖ Front end Development: HTML5 , CSS3 , JavaScript , Reactjs , Tailwind CSS
- ❖ Back end Development: Nodejs , Expressjs
- ❖ Cloud and Database: Firebase, MongoDB
- ❖ Tools: Github , Git , Figma , Vercel , Netlify

Projects

Freelio:

[Live site](#) | [Github](#)

Freelio is A full-stack freelance marketplace web application that allows users to post, browse, and manage freelance jobs efficiently—built to facilitate seamless interaction between clients and freelancers.

Major features:

- ❖ Secure user authentication for clients and freelancers, job creation and management, and a fully responsive design for seamless desktop and mobile experience

GameHub:

[Live site](#) | [Github](#)

A frontend web application built with Firebase that allows users to explore and interact with games. Designed to provide an engaging and interactive experience for gamers.

Major features:

- ❖ secure user authentication, browsing, and reviewing games; only the logged-in user can see the game details and other features.

Education

HSC - 2020 || NASARATPUR DEGREE COLLEGE

Languages

- ❖ Bangla - Native
- ❖ English - Intermediate
- ❖ Arabic - Beginner
